**For Insured Patients:**

We have contractual agreements with some Health Insurers whereby some charges are slightly different. If you have obtained a pre-authorisation or claim number prior to your appointment, we will invoice directly to your insurer. This does not always guarantee full reimbursement, however, and you are advised to check with your Insurer about exclusion or excess on your policy, as any outstanding amounts are your responsibility.

**Hearing Tests**

For the majority of hearing tests undertaken at 17 Harley Street (The Harley Street Medical Centre), the Centre will make a charge which includes Mr Morrison's fee and will be in line with insurance company rates.

Audiometry performed in the Portland Hospital is undertaken by the Audiologists there. These will be charged by the hospital. Mr Morrison takes no fees.

On occasions, Mr Morrison will himself undertake audiometry and invoice for it, in which case the standard WPA fees will apply:

Impedence audiogram/tympanogram 20230	£70
